Overview

Junior Achievement programs offer a multidisciplinary approach that connects learning across social studies disciplines, such as economics, geography, history, government, and civics, while incorporating mathematical concepts and reasoning and language arts skills. This list is not meant to be exhaustive or intended to suggest that a JA program will completely address any given standard but is designed to show how it can enhance or complement efforts to do so. The flexibility of the programs and supplementary materials allow specific content or skills to be addressed in depth by the teacher and/or business volunteer as needed.

In this document, Junior Achievement programs are correlated to the Minnesota Social Studies Standards and the Guidepost for Success Youth Competencies as well as the Common Core State Standards in English/ Language Arts (ELA) and Mathematics. Alternate delivery methods, such as student self-guided, cover the same learning objectives for social studies standards and the JA Pathway Competencies. However, the varied implementation models may cause slight variation in English Language Arts and Mathematics correlations.

JA Middle Grades Classroom Learning Experiences

JA Economics for Success® provides practical information about personal finance and the importance of identifying education and career goals based on a student’s skills, interests, and values.

JA Economics for Success® Blended Model introduces middle school students to initial work and career readiness and personal finance concepts through flexible facilitation materials and engaging interactive activities, games, and role plays that support learning objectives.

JA Global Marketplace® Blended Model introduces students to the global marketplace and the ways in which countries buy and sell from each other. Through completion of this program, students will gain an understanding of the role of producers and consumers in the interconnected global market.

JA It’s My Business!® Blended Model provides middle school students an opportunity to experience the initial steps necessary to start a business. New program content provides an authentic entrepreneurial experience for students, with each session building up to a product-pitch competition.

JA It’s My Future® Blended Model offers middle school students’ practical information to help prepare them for the working world. Students develop the personal-branding and job-hunting skills needed to earn a job.

JA Inspire® is more than a career fair, it brings together the business community and local schools and is designed to help launch middle school students into their futures: high school, college, and careers beyond. (Grades 6-8)

JA Inspire® Virtual is more than a career fair, it brings together the business community and local schools and is designed to help launch students into their futures: high school, college, and careers beyond. Within the virtual experience, students attend webinars and presentations, explore career booths, and interact with career speakers. (Grades 6-12)

JA Career Exploration Fair® is an event where students learn about a range of career options across multiple career clusters. (Grades K-12)

JA Career Speakers Series® In JA Career Speakers Series, a volunteer guest speaker visits the classroom and shares information about his or her career, work, and education experience. (Grades K-12)

JA Excellence through Ethics® Through JA Excellence through Ethics, students will learn the importance of ethics and ethical decision-making and how ethical and unethical choices affect everyone in a community. (Grades 6-12)

JA It’s My Job® (Soft Skills) will help students understand the value of professional communication and soft skills, making them more employable to future employers across multiple career clusters. (Grades 6-12)

JA Company Program® Pop Up teaches students how to plan, launch, and operate their own business venture within a structured, guided experience. Throughout the start-up process, students collaborate, make crucial business decisions, practice communication skills, and develop entrepreneurial knowledge and skills. (Grades 6-12)

### Session Three: Keeping Your Balance

Students receive Occupation Cards and observe how different jobs provide different monthly salaries. Based on those monthly salaries, students evaluate the opportunity cost when making budget decisions.

**Objectives:**

Students will:

- Recognize that a balanced budget is important for all workers
- Define the term income and differentiate between gross and net income
- Name ways to balance a budget

**Common Core Standards:**

- **6.2.1.1.1** Create a budget based on a given monthly income, real-world expenses, and personal preferences, including enough savings to meet an identified future savings goal.
- **7.2.2.1.1** Apply reasoned decision-making techniques in making choices; explain why different households or groups faced with the same alternatives might make different choices.

### Session Four: Savvy Shopper

Students examine how consumers pay for goods and services. They discuss the advantages and disadvantages of using debit and credit cards.

**Objectives:**

Students will:

- Identify the differences between debit and credit cards
- Explain the advantages and disadvantages of both cards
- Recognize the importance of taking personal responsibility for financial decisions

**Common Core Standards:**

- **6.2.4.5.1** Describe the movement of goods and services, resources and money through markets in a market-based economy.
- **7.2.4.5.1** Describe how the interaction of buyers (through demand) and sellers (through supply) determines price in a market

### Session Five: Keeping Score

Students examine how a credit score is determined and learn about the consequences of a positive and negative credit report.

**Objectives:**

Students will:

- Describe the favorable or unfavorable consequences of a high or low personal credit score
- Explain actions that cause a credit score to go up or down

**Common Core Standards:**

- **6.2.1.1.1** Create a budget based on a given monthly income, real-world expenses, and personal preferences, including enough savings to meet an identified future savings goal.
- **8.2.1.1.1** Apply reasoned decision-making techniques in making choices; explain why different governments faced with the same alternatives might make different choices.

### Session Descriptions

**Planning for My Future Income**

Students explore the role work plays in living independently. They gain financial knowledge about the costs of living on their own. They consider the role of career choices and the costs of goods and services.

**Students will:**
- Express the financial considerations of possibly living independently and the importance of choosing work that can earn enough to pay for expenses. (WCR)
- Examine the true costs of goods and services. (FL)

**Social Studies Standards**

- 7.2.1.1.1 Apply reasoned decision-making techniques in making choices; explain why different households or groups faced with the same alternatives might make different choices.
- 8.2.3.4.2 Apply reasoned decision-making techniques in making choices; explain why different households or groups faced with the same alternatives might make different choices.

**Guideposts for Success**

- Career-specific work skills and knowledge as well as employability or “soft” skills such as communication, leadership, decision-making, and conflict management skills
- Self-efficacy or belief in one’s capabilities
- Self-determination skills, knowledge, and beliefs that enable a person to engage in goal-directed, self-regulated, autonomous behaviors

### Session Descriptions

**Session Three: Defining the Pop-Up Structure**

During this meeting, students review the market research data they have compiled and look for patterns to inform their decision making as they plan their pop-up business. Then, students explore the different roles and responsibilities of the pop-up company and evaluate their own personal skills and interests to determine what role they will assume during their pop-up experience.

Students will:

- Analyze market research data to make planning decisions about the pop-up business to maximize sales.
- Describe the different roles and responsibilities necessary to organize and run a pop-up business.
- Reflect on personal strengths and weaknesses to determine a personal role on the pop-up team.
- Draft a timeline of tasks and associated due dates needed to meet the company's goals.

**Social Studies Standards**

7.2.4.6.1 Describe profit as an incentive for an individual to take the risks associated with creating and producing new goods or starting a business in an existing market; give examples of how the pursuit of profit can lead to undesirable, as well as desirable, effects.

### Session Four: The Ps of Pop-Up

This meeting introduces students to the Four Ps of marketing (Product, Price, Place, and Promotion), which act as the framework for their pop-up business planning tasks. Students explore which factors to consider when making the important decision of where to locate the pop-up business, and they learn about merchandising, product display, and store layout as important elements of marketing strategy to maximize sales.

Students will:

- Explain the importance of the four 4 Ps of the marketing mix related to a pop-up business.
- Identify the location for the pop-up business to include dates and hours of operation for the Place “P” detail of the marketing mix.
- Design an optimal layout for a pop-up business that will maximize sales.

## Session Descriptions

### Session Seven: Pop-Up Wrap-Up

This meeting guides students through the final tasks necessary to close the pop-up business, reconcile the finances, and determine the business’s final profit. Students will use the final metrics and the intangible lessons they learned to discuss best practices for future businesses and to assess whether they achieved their business and personal goals. Finally, students deliver the pop-up store’s proceeds to their charitable recipient and celebrate their accomplishments.

**Students will:**

- Complete the tasks to calculate final sales and profit and close out the business.
- Analyze final sales information and compare it to the pop-up business’s initial profit goal.
- Assess company and personal goals to determine successes and areas for improvement.

## Social Studies Standards

7.2.4.6.1 Describe profit as an incentive for an individual to take the risks associated with creating and producing new goods or starting a business in an existing market; give examples of how the pursuit of profit can lead to undesirable, as well as desirable, effects.
