A Correlation:
Nevada Academic Standards and Junior Achievement High School Programs

Updated (2022)
Common Core State Standards Included

Junior Achievement USA®
One Education Way
Colorado Springs, CO 80906
Overview

Junior Achievement programs offer a multidisciplinary approach that connects learning across social studies disciplines, such as economics, geography, history, government, and civics, while incorporating mathematical concepts and reasoning and language arts skills. By design, JA Programs incorporate grade level reading, speaking, and listening skills in all programs and many programs at the High School grade level also offer opportunities to do research, use technology for writing and responding, and practice presentation skills, all while supporting the JA Pillars of Financial Literacy, Work and Career Readiness and Entrepreneurship.

In this document, Junior Achievement programs are correlated to Nevada Academic Standards for Social Studies. This list is not meant to be exhaustive or intended to suggest that a JA program will completely address any given standard but is designed to show how it can enhance or complement efforts to do so. The flexibility of the programs and supplementary materials allow specific content or skills to be addressed in depth by the teacher and/or business volunteer as needed. Alternate delivery methods, such as remote digital delivery and student self-guided options, cover the same learning objectives for social studies standards and the JA Pathway Competencies. However, the varied implementation models may cause slight variation in English Language Arts and Mathematics correlations.

High School Programs

JA All About Cars™ allows students to consider their needs and wants for their first automobile.

JA Be Entrepreneurial (modular) is a reimagined, modular program that teaches students about the mindset and the skills needed for success by aspiring entrepreneurs and innovators. In JA Creative Problem Solving, students learn and apply design thinking, an innovative process for problem solving used by entrepreneurs (and intrapreneurs).

JA Career Exploration Fair™ is an event where students learn about a range of career options across multiple career clusters.

JA Career Speaker Series™ brings a volunteer guest speaker into the classroom to share information about his or her career, work, and education experience.

JA Career Success® Blended Model introduces high school students to the workplace as interns of a fictional company, Orbit Boom. They participate in realistic work experiences in multiple departments and concentrate on soft skills and business best practices in the context of realistic scenarios and assignments through both digital and in-class implementation and optional self-guided modules.

JA Company Program® 2.0 empowers high school students to fill a need or solve a problem in their community and teaches them practical skills required to conceptualize, capitalize, and manage their own business venture.

JA Company Program® Pop Up teaches students how to plan, launch, and operate their own business venture within a structured, guided experience. Throughout the start-up process, students collaborate, make crucial business decisions, practice communication skills, and develop entrepreneurial knowledge and skills. (Grades 6-12)

JA Excellence Through Ethics™ affords students the opportunity to learn the importance of ethics and ethical decision-making and how ethical and unethical choices affect everyone in a community.

JA High School Heroes ™ provides leadership development opportunities to high school students who deliver JA programs in elementary schools.

JA Inspire Virtual® is more than a career fair, it brings together the business community and local schools and is designed to help launch students into their futures: high school, college, and careers beyond. Within the virtual experience, students attend webinars and presentations, explore career booths, and interact with career speakers. (Grades 9-12)
**JA It’s My Job (Soft Skills)** (Soft Skills) will help students understand the value of professional communication and soft skills, making them more employable to future employers across multiple career clusters.

**JA Job Shadow™ Blended Model** is a comprehensive experience that helps students design an individualized career path. Supporting blended as well as self-guided activities, JA Job Shadow provides a design-thinking structure for career exploration.

**JA Launch Lesson™** is a point-of-entry program delivered by community entrepreneurs. Students gain firsthand knowledge about starting a business and the entrepreneurial journey.

**JA Personal Finance®** allows students to experience the interrelationship between today’s financial decisions and future financial freedom.

**JA Take Stock in Your Future™** helps students discover the benefits and challenges of investing in the stock market as part of a broader, long-term investment strategy and the risks and rewards of trading.

**JA Titan®** introduces critical economics and management decisions through an interactive simulation.

**JA Titan® Blended Model** is a simulation-based program in which high school students compete as business CEOs in the phone industry, experiencing firsthand how an organization makes decisions.
### Session Description

**Session One: All About Cars**

JA All About Cars introduces students to the essential costs related to buying and operating a first car and offers tips on being a smart consumer when purchasing a vehicle. In this volunteer-led session, students will consider their needs and wants to make a real-world connection to the car-buying experience to help motivate them to make good financial decisions when buying or leasing.

**Students will:**
- Assess their driving needs
- Prioritize the car features that best meet their needs
- Compare the advantages of buying versus leasing a car
- Identify a car that meets their driving needs

## Session Description

### Session One: Identifying the Problem

Students are oriented to problem/solution thinking practices and introduced to the Design Thinking process of creative problem solving. They explore the first step (Empathize) that teaches them to look at problems as human-centered, from the customer’s perspective.

**Students will:**
- Describe how brainstorming several ideas and then picking the best options will lead to creative problem solving.
- Describe the Design Thinking model and the steps involved in the process.
- Describe the advantages of applying the Design Thinking model to new ideas or problem solving.
- Describe the Empathize step in the Design Thinking model.
- Demonstrate how an empathy map can be used to identify a user’s needs.

### Session Two: Exploring Solutions

Students focus on the second and third steps of the Design Thinking process (Define and Ideate). They summarize the root cause of the issue in a problem statement and then use brainstorming techniques to generate viable ideas as solutions.

**Students will:**
- Describe the Define step in the Design Thinking model.
- Demonstrate how to write a short, clear problem statement that reflects the problem to be solved.
- Describe the Ideate step in the Design Thinking model.
- Apply ideation methods by brainstorming ideas in a fast-paced activity.

## Session Description

### Session One: Before the Fair
In the pre-fair session, students will assess their abilities, interests, work preferences, and values in preparation for the JA Career Exploration Fair.

**Students will:**
- Define careers
- Differentiate among abilities, interests, work preferences, and values
- Identify their personal characteristics

### Session Two: Day of the Fair
During the JA Career Exploration Fair, students engage with volunteers and learn more about different businesses and jobs.

**Students will:**
- Relate the impact of personal interests and abilities on career choices
- Investigate a variety of careers and the skills, educational preparation, training, and personal qualities needed for those careers
- Examine how school skills apply to career paths
- Explain the importance of staying in school and graduating high school

### Session Three: After the Fair
In the post-fair session, students will reflect on their JA Career Exploration Fair experiences.

**Students will:**
- Identify a future career goal
- Create a personal action plan

</table>
| Students are onboarded by the Human Resources department on their first day at Orbit Boom, explore the employee handbook and organizational hierarchy, and set SMART goals for their internship. **Students:**  
• Examine a company’s organizational hierarchy and cultural norms to adapt to the specific business environment.  
• Establish SMART performance goals that align with the company’s key success factors. | | | |
| **Workplace Decision Making** | | | |
| Students are asked by the head of Information Services to evaluate communication platform options using a seven-step decision-making process and share their decision in a persuasive summary. **Students:**  
• Demonstrate self-direction by identifying credible sources, conducting research, and summarizing recommendations.  
• Communicate recommendations using evidence for persuasion. | | | |

### Meeting One: Start a Business

Students are introduced to the JA Company Program experience, explore ways to raise capital for their business venture, and analyze their personal strengths to help inform their individual roles in their company project.

**Students will:**
- Identify the JA Company Program overall objectives by reviewing the major milestones.
- Describe the importance of setting goals and developing a vision as first steps toward entrepreneurial success.
- Identify the roles and associated skill sets that are integral in a company structure. Assess personal strengths against the designated company roles to determine a potential business role.
- Identify different means by which to raise capital for a start-up business.
- Differentiate between facts and myths about entrepreneurs.
- Reflect on personal and professional vision and set some immediate goals for becoming an entrepreneur.

**Social Studies**
- Identify the JA Company Program overall objectives by reviewing the major milestones.
- Describe the importance of setting goals and developing a vision as first steps toward entrepreneurial success.
- Identify the roles and associated skill sets that are integral in a company structure. Assess personal strengths against the designated company roles to determine a potential business role.
- Identify different means by which to raise capital for a start-up business.
- Differentiate between facts and myths about entrepreneurs.
- Reflect on personal and professional vision and set some immediate goals for becoming an entrepreneur.

**Employability Skills For Career Readiness Standards**
- E11.9-12.3 Evaluate how entrepreneurs affect the economy by solving problems, taking risks, and taking advantage of opportunities to earn profits.
- E11.9-12.5 Explain how individual self-interest, channeled through the marketplace, can increase the overall standard of living.

**Entrepreneurship**
- 2.1.1 Determine interests and personal capabilities.
- 2.1.3 Describe desirable entrepreneurial personality traits.
- 2.1.4 Conduct self-assessment to determine entrepreneurial potential and risk tolerance.

**Common Core ELA**
- Grades 9–10 RI.9-10.2,4,6,7,10 SL.9-10.1-3 L.9-10.12,4,5,6
- Grades 11–12 RL.11-12.2,4,6,7,10 SL.11-12.1-3 L.11-12.1,2,4,5,6

### Meeting Two: Solve a Customer’s Problem

Students use creative problem solving to brainstorm ideas for a business service/product, with the goal of identifying their top choices to research.

**Students will:**
- Describe how brainstorming several ideas and then picking the best option will lead to creative problem solving.
- Describe the Design Thinking model and the steps involved in the process.
- Describe the advantages of applying the Design Thinking model to new ideas or problem solving.
- Describe the Empathize, Define, and Ideate steps in the Design Thinking model.
- Apply the Empathize, Define, and Ideate steps in the Design Thinking model to identify a customer need and some plausible solutions.

**Social Studies**
- H3.9-12.3 Analyze the contributions of inventors and innovators that led to a change in society.
- E10.9-12.7 Analyze the potential production of goods and services for a nation as determined by its resources and technology.

**Entrepreneurship**
- 2.2.4 Evaluate entrepreneurial career opportunities based on current/future economy.
- 2.3.1 Describe idea generation methods
- 2.3.2 Discuss entrepreneurial discovery processes
- 2.3.3 Assess opportunities for new business venture

**Employability Skills For Career Readiness Standards**
- 1.1.7 Demonstrate creativity and resourcefulness by contributing new ideas and working with initiative.

**Common Core ELA**
- Grades 9–10 RI.9-10.2,4,7,10 W.9-10.4 SL.9-10.1-5 L.9-10.12,4,5,6

</table>
### Meeting Four: Create a Structure

Students initiate the company’s structure by establishing roles, commence planning within business teams, and finalize capitalization decisions.

**Students will:**
- Explain the five functional roles of the company and the essential responsibilities of each role.
- Relate the sections of the Business Snapshot with the business planning information necessary to identify for a start-up company.
- Evaluate personal strengths aligned to each role and select team members for business teams.
- Evaluate the different means for raising capital and select an option for the company’s start-up venture.
- Identify essential tasks for different roles in the startup by drafting Business Team task lists for each functional role.
- Discuss collaboration and communication strategies within and between business teams.

**Social Studies**
E9.[9-12].5 Analyze markets using the concepts of supply and demand, including: Impact of changes in supply on prices, Impact of changes in demand on prices, Impact of price controls.

**Entrepreneurship**
3.3.5 Identify and evaluate risks associated with obtaining business credit.
3.3.6 Explain and calculate the time value of money.
7.4.5 Describe considerations in selecting capital resources.
7.4.6 Evaluate options for continued venture involvement.

### Session Descriptions

Express the legal and social need for a company’s guiding principles by developing and agreeing to a company charter.

#### Business Operations

Over the course of several meetings, students launch their business, work in their business teams to run the business, and share weekly progress with Leadership. They have access to self-guided content to support their specific roles.

**Students will:**
- Explain the five functional roles of the company and the essential responsibilities of each role.
- Describe the steps involved in a company status update report.
- Present status updates from each business team of the company.
- Identify the purpose of each element of the Finance Workbook and when each will be used in company operations.
- Establish a functional startup through completing tasks related to the management and running of their company.

#### Topic: Finances (Self-Guided)

Students learn how the finance department is a vital part of an organization and review the characteristics that contribute to a strong finance team.

**Students will:**
- Describe the importance of finance in a company.
- Explain the primary tasks and responsibilities of the finance team to understand this team’s role in company operations.

### Social Studies Standards

#### Express the legal and social need for a company’s guiding principles by developing and agreeing to a company charter.

#### Employability Skills For Career Readiness Standards

1.2.1 Demonstrate effective speaking and listening skills by communicating effectively with customers and employees and following directions.

Demonstrate critical-thinking and problem-solving skills by analyzing and resolving problems that arise in completing assigned tasks.

1.3.1 Demonstrate proficiency with job-specific technologies by selecting and safely using technological resources to accomplish work responsibilities in a productive manner.

1.3.2 Demonstrate proficiency with information technology by using computers, file management techniques, and software/programs effectively.

Demonstrate proper Internet use and security by using the Internet appropriately for work.

1.3.3 Demonstrate proficiency with telecommunications by selecting and using appropriate devices, services, and applications.

### Common Core ELA

#### Grades 9-10

- RL.9-10.2,4,6,10
- W.9-10.2,4,8-10
- SL.9-10.1-6
- L.9-10.1-6

#### Grades 11-12

- RL.11-12.2,4,6,7,10
- W.11-12.2,4,8,10
- SL.11-12.1-6
- L.11-12.1-6

### Entrepreneurship

3.2.1 Explain the function of financial goals and forecasting

3.2.2 Explain the concept of accounting including standards, technology, ethics, and legal considerations.

3.3.3 Analyze budgets, cash flow statements, financial statements, and ratios.

7.4.1 Calculate startup costs and determine financing needs.

7.4.2 Calculate operating and overhead costs.

7.4.3 Develop a budget and

1.2.9 Demonstrate mathematics skills by using mathematical reasoning to accomplish tasks.

#### Grades 9-10

- RL.9-10.1
- W.9-10.4-7
- SL.9-10.1-2
- L.9-10.1-2
- L.9-10.4

#### Grades 11-12

- RL.11-12.1
- RL.11-12.4
- W.11-12.2,4
- W.11-12.5-6
- SL.11-12.1-2
- SL.11-12.1-2
- L.11-12.1,6

### Session One: Pop-Up Warm-Up

This meeting introduces the Pop-Up program experience and reviews the milestones related to the project. The entrepreneurial mindset and characteristics are explored to guide students in envisioning the pop-up experience through the eyes of an entrepreneur. Finally, students review the primary business goal for the pop-up project and discuss how to set business success goals and personal growth goals.

**Students will:**
- Explain what a pop-up business is and its intended purpose.
- Document goals for the pop-up business in S.M.A.R.T. goal-writing format that reflect business planning elements.
- Recognize the entrepreneurial characteristics that an entrepreneur must possess to achieve a successful business venture.

### Session Two: Doing the Research

This meeting focuses on the main goal for the pop-up business: making a profit. Students will examine the factors of the profit equation and learn about what they need to consider when determining a pricing strategy for achieving their goal. They also will define their target audience and explore the importance of market research for ensuring that their product meets customers’ needs. They will prepare market research surveys and conduct independent market research that they will analyze in Meeting Three.

**Students will:**
- Identify the elements of the profit equation and understand how to calculate profit.
- Explain what a target audience is.
- Recognize the importance of the customers’ wants and needs related to the business’s goals.
- Identify appropriate market research techniques to use when collecting information.

**Session Seven: Pop-Up Wrap-Up**

This meeting guides students through the final tasks necessary to close the popup business, reconcile the finances, and determine the business’s final profit. Students will use the final metrics and the intangible lessons they learned to discuss best practices for future businesses and to assess whether they achieved their business and personal goals. Finally, students deliver the pop-up store’s proceeds to their charitable recipient and celebrate their accomplishments.

**Students will:**

- Complete the tasks to calculate final sales and profit and close out the business.
- Analyze final sales information and compare it to the pop-up business’s initial profit goal.
- Assess company and personal goals to determine successes and areas for improvement.

### Effective Civic Leadership

Students explore the importance of leadership skills and the value of community involvement. They learn the importance of communication and conflict-management skills to achieve group goals.

**Students will:**
- Identify qualities of a leader.
- Recognize the role of civic leadership in a community.
- Develop conflict-resolution skills.

| Grades 9-10 | RI.9-10.1  
|             | W.9-10.2  
|             | W.9-10.4-7  
|             | SL.9-10.1-6  
|             | L.9-10.1-2  
|             | L.9-10.4  
| Grades 11-12 | RI.11-12.1  
|             | RI.11-12.4  
|             | W.11-12.2-7  
|             | SL.11-12.1-2  
|             | L.11-12.1-2  
|             | L.11-12.6  

### Presentation Skills and Classroom Management

Students learn effective presentation techniques to get an audience’s attention and keep it. They gain insight into classroom dynamics to assist with managing elementary school students when in that environment.

**Students will:**
- Use strong presentation skills to communicate effectively.
- Develop classroom management practices.
- Recognize and use techniques that further teamwork and achieve group goals.

| Grades 9-10 | RI.9-10.1  
|             | W.9-10.2  
|             | W.9-10.4-7  
|             | SL.9-10.1-6  
|             | L.9-10.1-2  
|             | L.9-10.4  
| Grades 11-12 | RI.11-12.1  
|             | RI.11-12.4  
|             | W.11-12.2-7  
|             | SL.11-12.1-2  
|             | L.11-12.1-2  
|             | L.11-12.6  

### Critical Thinking and Problem Solving

Students advance their critical thinking skills so that they can adapt quickly to new circumstances and develop successful solutions to problems.

**Students will:**
- Use a problem-solving technique to solve personal and professional problems.
- Apply critical-thinking skills to work-based problems.
- Recognize that decisions have consequences.

## Optional Pre-Lesson Enhancements

To prepare for the guest entrepreneur, consider these optional entrepreneurship-focused opportunities:

**Students will:**
- Determine their entrepreneur profile
- Brainstorm possible products or services that meet product criteria

### Social Studies Standards

- **Grades 9-10**
  - W.9-10.4,7
  - SL.9-10.1-2
  - L.9-10.3-6
- **Grades 11-12**
  - W.11-12.4,7
  - SL.11-12.1-2
  - L.11-12.3-6

### Common Core ELA

- **Grades 9-10**
  - W.9-10.4,7
  - SL.9-10.1-2
  - L.9-10.3-6
- **Grades 11-12**
  - W.11-12.4,7
  - SL.11-12.1-2
  - L.11-12.3-6

## Day of the Visit

Students engage in an inspirational experience that explores entrepreneurship and highlights the opportunities, challenges, and preparation required for successful participation in the global economy.

**Students will:**
- Analyze a real-world example of entrepreneurship.
- Determine one next step that could lead to a new business venture.

### Social Studies Standards

- **Grades 9-10**
  - W.9-10.4,7
  - SL.9-10.1-2
  - L.9-10.3-6
- **Grades 11-12**
  - W.11-12.4,7
  - SL.11-12.1-2
  - L.11-12.3-6

### Common Core ELA

- **Grades 9-10**
  - W.9-10.4,7
  - SL.9-10.1-2
  - L.9-10.3-6
- **Grades 11-12**
  - W.11-12.4,7
  - SL.11-12.1-2
  - L.11-12.3-6

## Extended Learning Opportunities (Optional)

Students will reflect and discuss their learnings after interacting with a local business professional.

Students can log on to the JA My Way website to learn more about ethics or have a debate about an ethical dilemma.

**Students will:**
- Work independently to discover more about entrepreneurship.

</table>
### Session Descriptions

**Session Three: Savings**
Students analyze the role that saving plays in their personal finances. They explore how having a healthy savings plan is necessary in all phases of life but is especially critical for big-ticket items and emergencies. Students learn how to apply communication strategies when discussing financial issues.

**Students will:**
- Recognize reasons for saving.
- Explain how saving can help you earn interest instead of paying interest.
- Use strategies to achieve a saving goal.
- Recognize unhealthy relationship behaviors related to saving.

**Session Four: Credit and Debt**
Students analyze the importance of credit and the outcomes of wise and poor use of credit. They examine the potential consequences of sharing credit or cosigning for loans.

**Students will:**
- Differentiate between credit and debt.
- Recognize the factors that affect an individual’s credit score and credit history.
- Recognize the consequences of a low credit score.
- Recognize the impact of sharing credit cards or cosigning for loans.

### NV Academic Content Standards

#### Financial Literacy
- A.2. Locate and evaluate financial information from various sources.
- D.1. Understand how savings and investing contribute to financial well-being

#### Social Studies
- E10.[9-12].5 Compare the risks and rewards of using the services offered by different financial institutions.

### Employability Skills For Career Readiness Standards

- 1.1.7 Demonstrate creativity and resourcefulness by contributing new ideas and working with initiative

### Common Core ELA

- Grades 9-12
  - 9-12.RI.4
  - 9-12.RI.6
  - 9-12.W.3-4
  - 9-12.SL.1-2
  - 9-12.SL.4
  - 9-12.L.1-4

- 1.2.1 Demonstrate effective speaking and listening skills by communicating effectively with customers and employees and following directions.

<tr>
<td>• Calculate savings gained through smart shopping.</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>Session Seven: Risk Management</strong></td>
<td></td>
<td></td>
<td>Grades 9-12</td>
</tr>
<tr>
<td>Students practice applying appropriate risk management strategies in scenarios and learn how to discuss risk management and manage the risks associated with shared financial choices.</td>
<td><strong>Financial Literacy</strong>&lt;br&gt;A.3. Develop communication strategies to discuss financial issues</td>
<td>9-12.RI.1&lt;br&gt;9-12.RI.4&lt;br&gt;9-12.RI.6</td>
<td></td>
</tr>
<tr>
<td><strong>Students will:</strong></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>• Recognize the risk of financial loss as an everyday reality for everyone.</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>• Recognize risk management strategies and apply them appropriately.</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>• Understand the role of personal responsibility in preventing financial loss.</td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>
### Session Eight: Investing

Students explore the difference between saving and investing, the advantages and potential returns of investing, and common types of investment products. Students also learn about various types of investment risks and self-assess their personal investment risk tolerance and communication with others about shared investments.

**Students will:**
- Evaluate investments with different levels of risk and reward.
- Describe the role that compound interest plays in wealth over time.
- Recognize that investment options carry different levels of risk and reward.
- Analyze the risk tolerances for different investment strategies. Recognize the importance of practicing healthy relationship behaviors in shared investment decisions.

#### Social Studies

E10.[9-12].3 Explain why a real interest rate accurately measures the benefit of saving or the cost of borrowing, and indicate ways a high interest rate could be detrimental or beneficial.  
E11.[9-12].2 Analyze the past, present, and future role of investment in enhancing economic growth and raising living standards.

#### Financial Literacy

D. 2. Understand the methods of investing and alternatives to investing

### Session Nine: Credit Cards (Optional: Self-Guided)

These 10-minute, student self-guided activities introduce credit cards as a form of short-term financing that can be used to pay a bill or make a purchase. Other topics covered include credit card types, credit card terms and credit card rights.

**Students will:**
- Define the term “credit card.”
- Understand the difference between a credit card and a debit card.
- Discuss the reasons to use—and not to use—a credit card.
- Describe how using a credit card can impact your credit rating for better or worse.
- Discuss some of the pros and cons of sharing a credit card.

## Session Descriptions

### Session One: Understanding Stocks

Students are introduced to the foundational concepts of stocks and the stock market through the analysis of an authentic, real-time stock market report. Then, they practice selecting stocks from a fictitious market to develop a portfolio.

**Students will:**
- Distinguish between private and public companies.
- Explain how and why people invest in corporations when they purchase stocks.
- Identify why companies issue stock.
- Explain how stocks can increase and decrease in value.
- Identify the steps in the process for buying and selling stocks on the stock market.

### Session Two: Stock Trading

Students explore how stocks are traded, how stock prices are affected by current events, and how investors make investment decisions and diversify their portfolios. Students are introduced to stock indexes/averages and stock tables, and they practice buying, selling, or holding stocks from their fictitious stock portfolio.

**Students will:**
- Discuss the impact that economic events have on stock prices and supply and demand.
- Analyze the data in a stock table.
- Practice following the process for buying and selling stocks on the stock market.

### Session Three: Exploring Dividends

Students analyze today’s stock market and explore the concept of dividends. Students analyze their fictitious stock portfolio and calculate their dividend payments.

**Students will:**
- Analyze how current events are affecting stock prices.
- Demonstrate an understanding of how cash dividends are earned and calculated.
- Evaluate the success of a fictitious stock portfolio in relation to market events.
### Session Four: Best-in-Class Competition

Students put their new stock market knowledge and skills into practice as they compete to win an in-class competition. This session is designed to be flexible based on students’ grade level and experience, plus the online stock market simulation tool selected by local JA Areas.

**Students will:**
- Implement knowledge of how to buy and sell stocks.
- Apply knowledge of how current events can impact stock prices.
- Evaluate the possible trade-off for each stock decision, prior to committing to the decision.
- Communicate and collaborate effectively within a team to successfully implement game strategies.

### Session Five: Planning for the Future

Students reflect on the experience of participating in the in-class competition and/or the JA Stock Market Challenge event and connect the simulations to the real world. They conclude the program by developing their own.

**Students will:**
- Compare and contrast real vs. simulated stock markets.
- Identify various asset classes and assess the risks of each.
- Develop a personal financial plan.
- Reflect on your learning and growth throughout the program.

### Analyzing Initial Public Offerings (IPOs)

Students learn some of the factors that investors consider when selecting an IPO for investment.

**Students will:**
Identify the factors to consider when deciding whether to invest in an IPO.

  - Make business decisions by applying their knowledge to a business simulation
  - Use what they have learned about price, production, research and development, marketing, capital investment, and charitable giving to make business decisions using the JA Titan computer simulation
# Session Descriptions

## Session Seven: JA Titan of Industry – The Competition

Students make decisions about capital investment, price, production, research and development, and charitable giving using the JA Titan computer simulation.

**Students will:**
- Demonstrate how business decisions affect business performance
- React appropriately to decisions made by other businesses

**Tutorial: Getting Ready for Business***

Students are guided through an interactive tour of the JA Titan simulation. They learn about the program’s goals and key terms used in the simulation, and how to play JA Titan.

**Students will:**

- Recognize and correctly express the program’s key terms.
- Predict and identify various business trade-offs based on business decisions.
- Apply business decisions that indicate an understanding of the importance of profit to the success of a business.

**Social Studies Standards**

**Other Standards (Please specify)**

**Common Core ELA**

**Common Core Math**

---

**Competition Prep: Freestyle Exploration**

Students jump straight into playing the JA Titan simulation. There is no teacher or volunteer led guidance or focus on a business concept. Instead, students learn solely by playing, using the Student Quick Start Guide and Student Activity Sheet.

**Students will:**

- Apply the profit equation: profit equals total revenue minus total costs.
- Apply the concept of pricing based on costs, productivity, and profit.
- Demonstrate an understanding that companies are constrained by limited resources.
- Evaluate the possible trade-offs for each business decision before committing to the decision.
- Use a budget as a strategy to monitor income, expenses, and other financial records.
- Identify potential customers and their preferred phone features to increase profitability.
- Identify a new phone feature to be developed to potentially increase profits.

### Competition Prep: Presenting the JA Titan of Business Competition

In this game-based session, students compete as businesses to see which will be crowned the JA Titan of Industry.

**Students will:**

- Express the importance of profit to the success of a business.
- Apply the profit equation: profit equals total revenue minus total costs.
- Demonstrate an understanding that companies are constrained by limited resources.
- Evaluate the possible trade-offs for each business decision before committing to the decision.
- Use a budget as a strategy to monitor income, expenses, and other financial records.
- Identify potential customers and their preferred phone features to increase profitability.
- Identify a new phone feature to be developed to potentially increase profits. Additionally, depending on the simulation settings selected, students may:
  - Apply debt financing for profitability.
  - Express the benefits to a business of making intentional, positive CSR decisions for the business, its employees, and the community.

**Grades 9-10**

- RL.9-10.2,4
- SL.9-10.2
- L.9-10.1,2,4,6

**Grades 11-12**

- RL.11-12.2,3,4,7
- SL.11-12.1,2,3,4,6
- L.11-12.1-3

**Mathematical Practices 1-8**

</tbody>
</table>

In this volunteer-led session, a volunteer presents how his/her own business knowledge applies and relates to the business concepts in the simulation.

**Students will:**
- Recognize real-world applications of the terms and concepts from the game through a volunteer guest speaker presentation.
