Overview

The following correlation features the knowledge and skills that students are introduced to in JA Capstone Programs and how they correspond to the state Social Studies Framework. The correlation is not meant to be exhaustive, nor is it intended to infer that any one resource will completely address any given standard. It is designed to show how *JA BizTown®* and *JA Finance Park®* will enhance or complement efforts to meet educational standards. Alternate delivery methods, such as student self-guided, cover the same learning objectives for social studies standards and the JA Pathway Competencies. However, the varied implementation models may cause slight variation in English Language Arts and Mathematics correlations.

*JA BizTown* encompasses important elements of work readiness, entrepreneurship, and financial literacy, providing students with a solid foundation of business, economics, and free enterprise education. Through daily lessons, hands-on activities, and active participation in a simulated community designed to support differentiated learning styles, students develop a strong understanding of the relationship between what they learn in school and successful participation in an economy. *JA BizTown* helps prepare students for a lifetime of learning and academic achievement.

*JA BizTown Adventures* is an alternative (or supplement) to the simulated community experience when students do not have access to a facility. It provides the same great social studies, work readiness, entrepreneurship, and financial literacy concepts in an online self-guided format. *JA BizTown Adventures* can be easily used in remote implementation and independent study when combined with the student self-guided implementation of the *JA BizTown* curriculum. Both implementation options augment students’ core curriculum in social studies, English language arts, and mathematics. Throughout the programs, students use critical-thinking skills to learn about key concepts as they explore and enhance their understanding of free enterprise.

*JA Finance Park* lessons address fundamental financial literacy and economic concepts, explore career interests and opportunities, and develop work-readiness skills. The lessons culminate in a hands-on budgeting simulation that includes decisions related to income, expenses, savings, and credit.

The *JA Finance Park* program provides two curriculum levels: Entry Level and Advanced. The Entry Level curriculum is geared towards students who are new to personal finance or have never taken a financial literacy class. The JA Finance Park Advanced curriculum is geared towards high school students, and those with some prior knowledge of personal finances, allowing students a peek at their future financial decisions. All curriculum options provide educators a method of delivery that will best meet the needs of their students and culminate with a visit to JA Finance Park, a realistic on-site or mobile facility, where students engage with volunteers and put into practice what they’ve learned by developing a personal budget. JA Finance Park simulation is also available virtually in the classroom.

JA Finance Park Entry Level offers three implementations’ options:

- Traditional classroom format - educator-led presentation
- Project-Based Learning (PBL) format - structured to include student group and independent work and a culminating project
- Student-self guided format - designed for remote implementation and independent learning

JA Finance Park Advanced offers a teacher-led blended classroom curriculum with a number of optional self-guided extension activities.

## Unit Description and Learning Objectives

**Unit 2: Community and Economy**

Students explore their role as citizens of a community. They are introduced to the concept of the circular flow of money and goods in an economy. They define basic economic concepts and discuss the impact of taxes and philanthropy.

### Objectives:

**Students will:**
- Define various vocabulary terms
- Explain how good citizens have a sense of responsibility to others and to their community
- Identify goods, services, and resources (human, natural, and capital)
- Demonstrate the circular flow of an economy
- Discover the function of businesses in producing goods and services
- Define scarcity and learn more about free enterprise
- Identify the three basic economic questions (what, how, and for whom to produce)
- Understand why people pay taxes
- Define gross pay and net pay
- Calculate tax by multiplying with decimals
- Differentiate between public goods and services and private goods and services
- Give examples of philanthropy

## Unit Description and Learning Objectives

**Unit 3: Work Readiness**

Citizens learn how their interests and skills can lead to exciting careers. They have an opportunity to assess their own skills and interests and to see what kinds of jobs are available at JA BizTown. They have an opportunity to fill out a job application and experience the job interview process.

### Objectives:

**Students will:**
- Recognize their interests and skills
- Explain the relevance of interests and skills in career exploration and planning
- Distinguish the differences among the four primary career types: people, ideas, data, and things
- Categorize STEM careers into different types
- Demonstrate appropriate workplace behaviors
- Define resume, job interview, and applicant
- Complete a job application
- Model appropriate business greetings
- Demonstrate proper interview skills

## Unit Description and Learning Objectives

**Unit 5: Visit and Debrief**
Citizens participate in the *JA BizTown* simulation and then return to class for a debriefing lesson to ensure they have a well-rounded learning experience. The debrief lesson allows citizens to reflect on their *JA BizTown* experience and further identify the relevance of classroom learning to their future plans and goals.

**Objectives:**

**Students will:**
- Function in their job capacity at *JA BizTown*
- Manage their personal finances and time
- Carry out responsibilities of citizenship, such as voting and obeying laws
- Evaluate team performance at *JA BizTown*
- Explain the circular flow of economic activity
- Describe how citizens use financial institutions
- Describe how citizens work within a quality business

### Arizona Social Studies Standards

**Grade 5**
5.C4.2 Use a range of deliberative and democratic procedures to make decisions about and act on issues and civic problems in their classrooms and schools.

**Grade 6**
6.C4.2 Describe and apply civic virtues including deliberative processes that contribute to the common good and democratic principles in school, community, and government.

### Arizona Professional Skills

## Session Details

**Adventure One: CEO**

AS CEO students discover some of the responsibilities of running a business. They match their interests and skills to choose a corporation to lead, use the company’s mission statement to make a strategic decision, explore market analysis to identify a target market, compare applicant resumes to make a hiring decision while considering the company budget, and compile a letter to encourage customers.

**Objectives:**

**Students will:**
- Use knowledge of skills and interests to select a company
- Compare potential customers
- Identify target market
- Make a strategic decision
- Identify points in a mission statement
- Compare applicant resumes
- Make a budget-based decision
- Create a letter by making appropriate word choices

## Financial Literacy Standards

As CFO students make budget decisions following a decision-making process and mathematical formula. They determine how much to charge for their services and which companies’ services offer the best value. They explore the need for cyber insurance to prevent online security breaches and review the company’s mission statement.

**Objectives:**

**Students will:**
- Use knowledge of skills and interests to select a company
- Deduct taxes to calculate net pay
- Determine price of items to make a profit using a formula
- Compare costs to make budget decisions
- Read terms and conditions to compare offers
- Evaluate proposals as part of a decision-making process

### Grade 5 Social Studies

**E1:** A financially literate individual understands how to manage income, spending, and investment.

As consumer, students make financial decisions and choices having to do with bank accounts and types of payments. They learn to keep a transaction register, calculate net pay, choose needs over wants, and set and re-evaluate a budget.

**Objectives:**

**Students will:**
- Define gross pay and net pay and calculate net pay
- Identify services offered by financial institutions.
- Explore a bank account application
- Identify parts of a transaction register
- Explain the importance of a savings account
- Explore the differences between checks, debit cards, and credit cards and other forms of electronic payments.
- Explain how money changes hands when a debit card or electronic payment form is used.
- Demonstrate use of a transaction register to record a debit purchase.
- Distinguish between needs and wants
- Create a budget based on monthly income
- Use fixed costs and needs to make budget decisions
- Make shopping decisions based on budget and opportunity cost

## Unit 1: Income

Students recognize the fundamental role of income in their personal finances and the factors that affect income and take-home pay. Through Project-Based Learning (PBL), students understand how the decisions they make about education and careers have an impact on their potential income and quality of life.

### Objectives:

**Students will:**
- Tell the difference between abilities, interests, work preferences, and values
- Identify career interests and goals as a way to earn future income
- Define taxes and explain their purpose and impact on income
- Interpret sources of income (salaries and wages, interest, profit for business owners, etc.)
- Calculate NMI (net monthly income), income tax (including state income tax), Social Security, and Medicare

### Arizona Economic Standards

1. A financially literate individual understands how to manage income, spending, and investment.
   - HS.E1.1 Evaluate how and why people make choices to improve their economic well-being.

### Unit 5: Simulation and Debriefing

Students participate in the JA Finance Park simulation. They put into action all they have learned in the classroom by making important spending decisions and maintaining a balanced budget. Students then use the knowledge and skills gained from the JA Finance Park lessons to create a portfolio and presentation that answer the following driving question: What do I need to do today to accomplish what I want in the future?

**Objectives:**

Students will:

- Create a family budget using hypothetical life situations
- Make saving and investment decisions
- Demonstrate understanding of the importance of making smart financial decisions now that will last throughout their lifetimes
- Articulate thoughts and ideas effectively using oral, written, and nonverbal communication skills in a variety of forms and contexts
- Demonstrate originality and creativity
- Build confidence, self-esteem, and teamwork skills
