JA Our Region introduces fourth-grade students to entrepreneurship and upper elementary grades social studies learning objectives, including regions, resources, and supply chains.

LEARNING EXPERIENCE OBJECTIVES

Following participation in the learning experience, students will be able to:

- Differentiate between entrepreneurial skills they have and those they would like to acquire.
- Recognize how entrepreneurs use resources (human, capital, natural) to produce goods and services in a region.
- Describe the skills and tasks, an entrepreneur must master to start a successful business.
- Explain how trade leads to economic interdependence among nations.

JA’S TURNKEY VOLUNTEER SOLUTION:

Join Junior Achievement’s national network and help students in your community connect the dots between what they learn in school and the “business of life”—work readiness, entrepreneurship, and financial literacy.

Personalized Placement

JA works with you to ensure you teach at the location and grade level of your choice.

Comprehensive Training

JA staff provides training so you are comfortable visiting the classroom. You will be trained in classroom management, understanding and delivering the JA curriculum, working with the classroom teacher, and communicating effectively with students.

Minimal Time Commitment

The time commitment is minimal compared to the significant investment you make. This elementary grade-level learning experience includes five 45-minute sessions.

Need more flexibility? JA learning experiences have options for remote live and recorded sessions, and flexible in-class implementation options. Work with your JA staff to determine the best solution for you and your educator.

JA provides you with the session plans and student materials you’ll need to make every minute count.

JA Staff Follow-Up and Support

JA staff is available to answer your questions or make suggestions about your volunteer assignment.
This learning experience introduces students to entrepreneurship and how entrepreneurs use resources to produce goods and services in a community. Students solve problems by weighing risks and rewards.
